SKILLS

- **Languages:** C, C++, Java, Python, SQL, JavaScript
- **Frameworks:** HTML/CSS, TensorFlow, TFLite, wxWidgets, Streamlit
- **Tools & Platforms:** MySQL, Linux, Git, GitHub, VS code
- **Soft Skills:** Fast Learner, Adaptability, Problem-solving, Time management, Teamwork

PROJECTSSS

Lost and Found Tracker in Airport | [GitHub](#)

Jun'25 -Jun'25

- Developed a hashing-based tracking system enabling O(1) insertion, search, and retrieval for lost items, improving lookup speed and reducing manual errors.
- Built a full desktop application with an intuitive GUI for adding, searching, and managing item records in real time.
- Implemented unique ID handling with separate chaining and full item-listing support.

Tech: C++, wxWidgets, STL, CMake

Home Cleaning Scheduler | [AI Chatbot](#)

Feb'25 – Feb'25

- Built an AI-driven chatbot that helps users plan and schedule home-cleaning routines using an intuitive HTML/CSS/JavaScript UI.
- Integrated natural-language understanding through a cloud-based AI inference API, enabling smart reminders and adaptive task suggestions.
- Added features like recurring schedules, priority sorting, and local data persistence for seamless multi-device usability.

Tech: HTML, CSS, JavaScript, OpenAI API / Gemini API, JSON-Based Scheduler Logic

TRAINING

C++: From OOPs to Dynamic Programming |[Code Help](#) |[DSA](#)

Jun'25 – Jul'25

- Gained hands-on mastery of C++ OOPs, STL, pointers/reference handling, memory management, and modular code design through intensive training.
- Solved 100+ problems on LeetCode and HackerRank, reducing average code runtime by 30% and consistently improving time complexity from O(n²) to O(n log n).
- Developed strong problem-solving speed under time constraints as displayed in Hackathon.

CERTIFICATES

- Cloud Computing | [NPTEL](#)
- The Bits and Bytes of Computer Networking | [Coursera](#)
- Introduction to Hardware and Operating System | [Coursera](#)

Jul'25 – Oct'25
Sep'24 – Sep'24
Sep'24 – Sep'24

ACHIEVEMENTS & VOLUNTEERING

- **CODE OF DUTY - Web Hackathon** | [Certificate](#)
- **Exhibited strong algorithmic and problem-solving abilities**

Mar'24 – Mar'24
Aug'23 – May'25

Led my team in a university hackathon, guiding development and creating a functional, well-designed web page while coordinating tasks and ensuring smooth project execution under time constraints.

Applying optimized data structures and efficient coding practices across multiple programming challenges and achieved highest grades in C, C++, and Python, etc. in exams.

EDUCATION

- **Lovely Professional University**
- **Vidhya Ashram Public School**
- **Vidhya Ashram Public School**

Bachelor of Technology - Computer Science and Engineering; **CGPA: 6.84**
Senior Secondary; Percentage-83.20%
Matriculation; Percentage-93.20%

Punjab, India
Aug'23 –Present
Pilani, Rajasthan
Apr'21 – Mar'23
